General Information

What is General Convention?

Beta Theta Pi's General Convention is the Fraternity's annual reunion where the Beta family cultivates new and old friendships, celebrates individual and chapter achievements, and inspires attendees to continue to live Beta's values. Various general sessions provide enriching educational experiences, while our chapter and alumni association delegates, Fraternity Trustees, Foundation Directors, and General Fraternity House Corporation board members conduct the business of the Fraternity.

When is Convention?

Beta's 186th General Convention will be held July 31 – August 3 in St. Louis, MO.

Where will it be held?

Convention will be held on campus at Washington University in St. Louis. Meals will be provided in the university's dining facilities and guests will sleep in dorms or in the campus's executive conference center.

What is the schedule for Convention?

Every day of Convention includes time for education, celebration, cultivation, building relationships and conducting the business of the Fraternity. An overview schedule is located [on the Convention page on Beta.org](#) and will be updated periodically throughout the summer.

Where can I learn more?

[The Convention page on Beta.org](#) is updated frequently. That should be your one-stop shop for Convention details. Need additional assistance? Email convention@beta.org or call the Administrative Office at 800.800.2382 (M – F, 8:30 am – 5 pm Eastern).

Who Should Attend Convention?

Collegiate Chapters

Collegiate chapters should send:

- Voting delegate (usually the chapter president). If the chapter president is not available to attend, the chapter should designate a qualified replacement to represent the chapter. In addition to legislative sessions, the voting delegate will participate in some general leadership education. Voting delegates will have 1 – 2 legislative committee meetings via Zoom in the weeks leading up to Convention.
 - *It is strongly recommended that the chapter president serve as the voting delegate and that he be available to attend the virtual committee meetings before Convention. While last minute-substitutions are possible, if the voting delegate has not attended the pre-Convention committee meetings it is very difficult to understand the proposed legislation and vote in the best interests of your chapter and the General Fraternity.*
- Vice Presidents of Finance. The VP of Finance will experience a 3-day Keystone Conference track built around chapter financial management and related skills, including building a budget, best practices for collecting dues, Billhighway tips and strategies that lead to chapter financial success. If the VP of Finance is not available to attend, he should designate a qualified replacement to represent his position. Chapters may send more than one officer to this track (for example, the assistant VP).
- Can we send more than just the VP to the Keystone tracks? Yes! We realize that some chapters may want to send an additional officer or the assistant VP to the Keystone track. See the “VPs of Finance” section for more details.

Other Collegians: Leadership College

Collegians other than the positions listed above are welcome to attend Convention and participate in Leadership College. Leadership College is a 3-day “leadership bootcamp” with a specific focus on career readiness and using Beta leadership roles and experiences as a springboard for post-college success. Leadership College includes all the general sessions and meals attended by other guests.

Chapter Advisors

Advisors are welcome to attend Convention. However, this year there is not a separate educational track just for them. Advisors who attend will be tracked with the VP of Finance. Therefore, we **recommend sending the Financial Advisor** (or someone to substitute for that role).

Alumni Associations

Chapter-based and geographic alumni associations should send a voting delegate. In addition to legislative sessions, the voting delegate will participate in general alumni association education. Voting delegates will have 1 – 2 legislative committee meetings via Zoom in the weeks leading up to Convention. Additional members of your alumni association are welcome to attend and should register as alumni-at-large.

General Fraternity Officers

There are many roles for General Fraternity Officers at Convention:

- Board members: Trustees, Foundation Directors and General Fraternity House Corporation board members will have meetings and participate in general sessions and legislation.
- District and regional chiefs: These GFOs will have a Leadership Summit session and then participate in general sessions and legislation.

- All other GFOs: Are welcome to come for some or all of Convention. Your experience will vary based on your role. Review the [Convention schedule](#) and contact convention@beta.org with specific questions.

House Corporation Board Members

While there is no Housing Summit planned for house corporation volunteers at the 186th General Convention, all volunteers and alumni are welcome to attend. A Housing Summit will take place virtually in summer 2025. Stay tuned for more information soon!

Alumni and Guests

Alumni and guests are welcome to attend Convention. In addition to attending meals and general sessions with all other guests, we will offer a handful of activities and excursions around St. Louis. We are still planning those events, so stay tuned for more details later in the summer. If you have ideas or would like to help organize events for alumni and guests, please reach out to convention@beta.org.

The Business of the Fraternity: Legislative Proposals

One purpose of General Convention is to conduct the business of the fraternity. Legislative proposals submitted for the 186th General Convention are linked below.

Legislative proposals were sent via email in late March to all collegiate and alumni chapter leaders, some advisors, and General Fraternity Officers. You can access the proposals here: <https://www.beta.org/legislation>.

Additionally, the voting delegates will undertake:

- Review of the chartering applications for some of Beta's new and returning chapters,
- Review of the current standing and operations for Beta's newest chapters and chapters whose charters are on a special status,
- Review of proposed changes to The Code of Beta Theta Pi,
- Election of the Fraternity's Board of Trustees, and
- Participation in strategic conversations that will help shape the course of the Fraternity.

Voting delegates should review these proposals, discuss them with your members, and arrive at Convention prepared to make important decisions that will impact our Great and Good Fraternity now and into the future. To aid in your understanding and preparation, the Administrative Office staff will host a virtual legislation educational session over the summer. Stay tuned for more details.

Delegates also will be provided committee assignments and pertinent background materials in advance. To effectively discuss and consider some legislative proposals, some committees will be convened virtually in advance of our time together. Given the importance of this work, we encourage timely registration by all delegates once registration is open.

All voting delegates and General Fraternity Officers should hold the evenings of July 15 and 16 for virtual committee meetings. More details, including exact times, committee materials and zoom links, will be sent in June.

If you have any questions about the proposed business items, please contact our Convention Legislation team at CNVLegislation@beta.org.

If your guest is a member of Beta, has attended an event in the past or donated to the Beta Foundation, use the search tool to locate them in our database. Verify the contact information of your guest and then you'll return to the Convention registration system.

In the example below, Kevin Dacus has attended an event in the past.

The screenshot shows a 'Register Someone Else' dialog box. It has two radio buttons: 'Select an existing contact' (which is selected) and 'Add a new contact'. Below the radio buttons is a search input field with 'Kevin Da' entered. A dropdown menu is open, showing a list of names: 'Kevin Dacus', 'Kevin Daly', 'Kevin Daniels', and 'Kevin Darst'. At the bottom of the dropdown, it says 'Items 1-5 out of 5'.

If your guest is not a member of Beta and has never attended a Beta event or donated to the Beta Foundation (meaning, they don't have a record in our database), select **Add a new contact** to create a record for them. After entering your guest's contact information, select **Save & Close** and you'll return to the Convention registration system. Required fields are indicated with a red asterisk. In the example below, Bilbo Baggins is a new guest.

The screenshot shows a dialog box titled "Register Someone Else" with a teal header. Below the title bar, there is a section titled "Choose a contact to register" containing two radio buttons: "Select an existing contact" (unselected) and "Add a new contact" (selected). Below this are several input fields: "Prefix" (dropdown menu with "(None)" selected), "*First name" (text box with "Bilbo"), "Middle name" (empty text box), "*Last name" (text box with "Baggins"), "Suffix" (dropdown menu with "(None)" selected), "Designation" (empty text box), "Informal name" (empty text box), "Title" (empty text box), "Organization" (text box with placeholder "Enter an organization"), and "Email" (empty text box). At the bottom right, there are two buttons: "Save & Close" (orange) and "Cancel" (blue).

(continued on the next page)

You'll land back on the main registration page with an indicator that you are about to complete the registration on behalf of your guest.
